IPO CHART

Program name:	PrimeNumber.java	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input any number	The program will check whether or not the number is prime by dividing it with every number smaller than it	The program then displays whether or not the user's number is prime
